SPRUCE OPERATION

SPRUCE GAS CONVERSION?

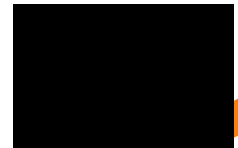

- “ Spruce coal units are relatively new
• reliable and efficient
- “ Units consistently dispatched by ERCOT based on economics
- “ Conversion is opportunity to preserve customer investment
- “ Natural gas will reduce air emissions

RENEWABLE NATURAL GAS (RNG)

RENEWABLE NATURAL GAS (RNG) IN OUR COMMUNITY

CPS Energy has an opportunity to facilitate a Renewable Natural Gas (RNG) project that will convert local landfill biogas to environmentally friendly pipeline-ready gas to be used locally as transportation fuel, and which will yield cost-savings for our customers.

“ Innovative solution that reduces local greenhouse gas emissions. EMC Artifact B

RNG IS A TRASH-TO-GAS RECYCLING OPPORTUNITY
